25 October 1967

MEMORANDUM FOR THE RECORD

SUBJECT: Future Vehicle Procurement for Detachment H

1. Request has been relayed to this office from the DD/SA and the AD/O/OSA that future sedans, station wagons, etc. obtained from the USAF for use at Detachment H,  be equipped with automatic transmissions.

2. The advantages of automatic shifting over the conventional manual shift system are particularly evident in the environments and traffic condition that confront that activity. As mentioned also by the AD/O/OSA, a definite improvement in safety can be realized through this requirement, particularly among the personnel that are assigned driving duties.

Chief, Plans & Requirements Division, OSA
